**SG Nycor Folder-Gluer Belting**  
800-345-6294

Shingle Belting's SG21S, SG23S, SG23S, and SG23S have been proven winners in the folder gluer belting market for many years. In order to increase sales of these products, we are offering a special promotion on full rolls of the above full belt specs.

On minimum rolls of 200' x 4" we offer competitive pricing in combination with the following Shingle Nycor advantages:

- Shingle Belting's carbonized rubber covers are the best in the business and will extend your belt life with decreased cover wear.
- Our competitor's 6-ply covers of faster gluer belts have 10, 20, 30 & 35 band nylon cores (depending on SG series) while 20, 30, 30 & 35 band nylon cores respectively. This means **SHINGLE'S 6-PLY** offers a much longer belt life & greater lateral stability.
- Shingle Belting's minimum roll size is 200' x 4". This means lower **SHINGLE'S** costs.
- Shingle Belting is committed to helping the number of distributors in any given geography in order to promote **customer profitability** for our distribution network.
